TULARE COUNTY AUDITOR-CONTROLLER
POLICY ON RESERVES FOR BONDS

The Tulare County Auditor calculates property tax rates for bond issues of several taxing agencies. When calculating these rates, we look at future cash needs, and take into consideration the lifetime needs of the bond.

Property tax revenues are usually received in two installments. Normally, 50% of property tax revenues are distributed to bond funds on or about December 25 for the first installment and 40% of property tax revenues are distributed on or about April 25 for the second installment. Reserves will also include any principal and/or interest payment(s) that are due prior to these dates. The remaining 10% of the property tax revenues are collected over a period of time.

Because the structure of some bond payment schedules requires extreme increases in tax rates, and there are legal limits for some tax rates, we may collect the reserve over a period of time in order to avoid fluctuating tax rates.

It is recommended that funding 100% of the reserve be included in the premiums when new bond issues are sold. If the Auditor's Office receives this reserve when the bonds are sold, there will not be a first year spike in the tax rates.
