To All Agencies Putting Direct Charges on the Property Tax Roll

Subject: Direct Charges 2023/2024

If your district is planning to place special/direct parcel assessments/special tax on the property tax roll, attached are forms, resolutions, and data requirements needed from your agency:

Attachment A: Special Assessment/Tax Control Sheet

Attachment B: Authority to Approve Special Assessment/Tax Charges

Attachment C: Compliance Certification and Hold Harmless Statement

Attachment D: Parcel Listing and charge amounts - The parcel listing must be sorted in numerical order. The charge amounts must be over \$10.00 and divisible by two. Parcel counts over 1,000 must be submitted electronically, see Attachment F.

Attachment E: District Resolution(s) - The annual resolution(s) must state the charge(s) are in compliance with California Code, that they are without regard to property valuation, and the authority (code section) allowing placement of the charge on the tax roll for collection.

Attachment F: Electronic Submission Requirements – Any agency may submit electronically, but parcel counts over 1,000 must be submitted electronically.

Please remit these items by **August 10, 2023** as required by your agreement and/or Government Code Section 26911, Health and Safety Code Sections 5474.4, and 101330. Earlier submission is encouraged.

General Information

Agreement

All **new** agencies applying assessments for the **first time** must have a one-time agreement between the County and your agency that must be approved by the Board of Supervisors. Contact this office if you need an example of this agreement. This is in addition to the annual resolution (Attachment E)

New Property Tax System

Effective 2022 tax year, Tulare County implemented a new property tax accounting system. All agencies that participated in the 2021 tax year were assigned a new tax code in the 2022 tax year. Be aware that our reports have changed in appearance as well.

Deletions and Corrections

If your agency determines that an assessment is incorrect or must be removed, this office can correct or delete the assessment before the Secured Tax Roll is extended (generally around September 1.) A new Control Sheet must also be submitted, reflecting these changes. If you submit electronically, a new file of all assessments will need to be submitted. No fees will be charged at this time.

However, if changes for incorrect submissions are requested **after** the extension, a **fee** of \$25.00 will be charged. All changes at this time must be submitted in writing and received prior to February 15th. Your agency may pay the fee or collect it from the parcel owner. The change requested will not be completed by this office until receipt of payment.

If a valid assessment needs to be removed after the extension (for any reason other than the above incorrect submission) the request will need to be submitted by an authorized signer of the agency to the Tax Collector – Attention Collection Supervisor. The request must be in writing and include the payment of the assessment as well as the \$25.00 processing fee. The assessment will then be stripped from the current tax bill and a new escape bill will be created. The Tax Collector will pay the escape tax bill with the submitted payment.

Cancellation of Tax Bills Less Than \$10.00

If a tax bill's amount for the total of ad valorem taxes and direct charges is less than \$10.00, and the tax bill becomes delinquent, the County may cancel these tax bills under the provisions of Revenue and Taxation Code Section 2611.4.

Assessments on Federal, State, Local, or Utility Parcels

These parcels do not receive a property tax bill from Tulare County and, as a result, they **cannot** be charged a special assessment through the Secured Property Tax Roll. Your agency may bill these parcels directly, if necessary.

Manufactured Home Parcels

As stated in Article XIIIA, Section 4 of the California Constitution, agencies may levy charges upon real property. Pursuant to Revenue and Taxation Code Section 5801, a manufactured home is not considered real property unless it is permanently affixed to land on a permanent foundation system as stated in Section 18551 of the Health and Safety Code. The Assessor's Office has identified these parcels with a specific range of parcel numbers. Any parcel that begins with 910 cannot be charged.

Collections and Apportionments

All direct charges are collected on the Secured Property Tax Bills with payment dates of December 10 and April 10. Payments received are apportioned four times a year:

Collection Timeframe	Apportionment Distribution	% Collected (Est.)
July 1 – December 10	Mid December	38%
December 11 – December 31	January	14%
January 1- April 10	Mid April	32%
April 11 – April 30	Mid May	10%
May 1 – June 30	Mid of July	2%

If your agency's funds are in the County Treasury, the apportionment distribution will be made directly to your fund. If not, the distribution will be forwarded to your district.

Delinquent Accounts

Any direct charges not collected by June 30 will be transferred to the redemption roll and collected as such unless judicial foreclosure is required (see "Judicial Foreclosures"). The County discontinued the Teeter Plan as of June 23, 2009. This means the County will no longer advance cities and special districts for any delinquent accounts.

As a result, your agency will receive the apportionment for the delinquencies after collected along with a portion of the penalties.

Collection of delinquent accounts can take five years or more. If the property is sold at tax sale, it may be sold for less than the tax bill owed, in which case, your assessment may not be fully recovered.

Judicial Foreclosures

Some agencies have a covenant with bondholders that delinquent accounts will be judicially foreclosed upon rather than follow the tax sale process mentioned above. If your special assessment requires judicial foreclosure, you must notify us at the time your special assessment forms are submitted. As part of this process, your Board of Directors must adopt a **standing resolution** stipulating that your agency will pursue the removal of the delinquent levies from the delinquent secured tax bill as specified by the bond covenant. This resolution must accompany your special assessment forms. Each year for the life of the assessment bond, you shall identify the delinquent levies in your recorded "Notice of Intent to Remove Delinquent Special Tax Installment from the Tax Roll" (notice) per Government Code Section 53356.2 and Streets and Highways Code Section 8833. Upon receiving a copy of the recorded notice, this office will remove the identified delinquent levies from the delinquent secured tax bill. By this process, your

agency will relieve the County of Tulare of any further responsibility for the collection of these delinquent levies. Contact this office for copies of sample standing resolution and notice of intent to remove delinquent tax.

Administrative Items

It is the responsibility of your agency to determine the validity and accuracy of the assessment amount. This office is not responsible for the validity or the computation of the assessment amount. In order to improve our customer service to the taxpayers, this office requests that your agency respond to taxpayers' inquiries in a timely and efficient manner.

The Brown Act

The Brown Act requires all government agencies to hold open meetings as the public has the right to observe, monitor, and participate in government decision-making. Attached is an outline titled "Understanding Brown Act" on page 22. Fee Schedule

For the 2023/24 tax roll the fee schedule will be \$3.00 per parcel for manually transmitted assessments and \$1.00 per parcel for electronically submitted assessments. There will be a \$200.00 charge per fund on which direct charges/special tax are to be collected.

The annual maintenance fee and the per-parcel fee will be recovered during the apportionments for December and April (50% for each apportionment).

Preliminary List

If requested, this office may provide your agency a preliminary list of all parcels within your district. Fees for this list are as follows:

Electronic Copy (Text & PDF) \$66.00 ~OR~ Hard Copy \$100.00 (1st 100 pages) Plus \$10.00 (Next 100 pages)

Understanding Brown Act Open Meeting Requirements

Gary S. de Malignon Chief Deputy County Counsel

² The Brown Act Why?

- **✗** Government officials are elected by the people, represent the people, and govern on behalf of the people. **✗**
- * The public has the right to observe, monitor, and participate in government decision-making.

"...government exists of the people, by the people and for the people."

Abraham Lincoln, Gettysburg Address

November 19, 1863

4 The Brown Act

Purpose

Fulfills two purposes:

- ★ Keeps the public informed of the actions, discussions and views of its locally elected and appointed government representatives.
- ★Establishes the procedural framework for members of local governmental decision-making bodies to collectively meet, debate, act and listen to their constituents.

5 The Brown Act

History

- ★ Introduced by Modesto Assemblyman Ralph M. Brown more than 50 years ago.
- *Legislature has *frequently* added to the requirements of the Act over the years.
- *Requirements are detailed, comprehensive and complex.

6 The Brown Act

- Legislature's stated intent -

"... the public commissions, boards and councils... in this State exist to aid in the conduct of the people's business. It is the intent of the law that their actions... and... deliberations be conducted openly.

"The people of this State do not yield their sovereignty to the agencies which serve them. The people, in delegating authority, do not give their public servants the right to decide what is good for the people to know and what is not good for them to know.

"The people insist on remaining informed so that they may retain control over the instruments they have created."

- Government Code § 54950
