INFORMATION TO TAX PAYERS

Assessed Values

Proposition 13, approved by voters in 1978, established laws governing the valuation of properties in California. Property is assessed at its full cash value when acquired through a change of ownership or by new construction. Each year thereafter, the taxable value of the property may increase by no more than two percent (2%). There are exceptions to the valuation at the change of ownership.

Composite Tax Rate

The composite tax rate is the total of the countywide \$1 per \$100 of net assessed value (1% tax rate, Proposition 13), plus any tax rates levied within the tax rate area to pay interest and redemption charges on voter-approved indebtedness.

Tax rate areas 001-000 through 008-999 designate incorporated cities.

Tax rate areas 052-001 through 167-999 designate unincorporated areas by elementary school districts.

Tax rate areas 000-001 and 000-002 are solely designated for unitary and operating nonunitary property and regulated railway unitary property, which is assessed by the State Board of Equalization.

Calculation of Dollars of Taxes

To determine the tax dollars levied on your property, multiply the total tax rate per your tax rate area by the net assessed valuation on your property and divide by 100. The result should be the tax dollars printed on the tax bill. If not, then additional per parcel taxes may apply. A per parcel tax is an amount the County collects for the District after legal requirements are met.

Tax levy formula: (tax rate times net assessed value) / 100 = tax levy)

For example: $(1.08 \times 200,000) / 100 = \$2,160$

Due Dates of Taxes

The first installment of secured taxes is due and payable November 1, 2007 and becomes delinquent December 10, 2007 at 5:00 p.m. The second installment is due and payable on February 1, 2008 and becomes delinquent on April 10, 2008 at 5:00 p.m.

Unsecured taxes are due and payable on January 1, 2007 and become delinquent on October 1, 2007 at 5:00 p.m.

INFORMATION TO BONDING AGENCIES

Bond Reserve Policy

The Tulare County Auditor calculates property tax rates for bond issues of several taxing agencies. When calculating these rates, we look at future cash needs and take into consideration the lifetime needs of the bond.

Property tax revenues are usually received in two installments. Normally, 50% of property tax revenues are distributed to bond funds on or about December 25 for the first installment and 40% of property tax revenues are distributed on or about April 25 for the second installment. Reserves will also include any principal and/or interest payment(s) that are due prior to these dates. The remaining 10% of the property tax revenues are collected over a period of time.

Because the structure of some bond payment schedules requires extreme increases in tax rates, and there are legal limits for some tax rates, we may collect the reserve over a period of time in order to avoid fluctuating tax rates.

It is recommended that funding 100% of the reserve be included in the premiums when new bond issues are sold. If the Auditor's Office receives this reserve when the bonds are sold, there will not be a first year spike in the tax rates.
